Overall Rating:	Proficient
Suggestions for Improvement:	Miss Cornell was very reflective on her teaching. She was able to identify weak and strong points in her lessons and discuss ways that she would modify lessons for the next time.
Overall Rating:	Partially Proficient
Suggestions for Improvement:	Since Miss Cornell is new to the content area I did not expect her to be an expert in it. She employed a variety of instructional techniques appropriate to the grade level and learned the content as quickly as she could.
Overall Rating:	Partially Proficient
Suggestions for Improvement:	Miss Cornell tends to speak very quickly and can mumble at times when she is instructing. She will need to work on forming her thoughts and then clearly communicating those ideas with students and staff. She tends to be shy and will need to work hard to develop a relationship quickly with her next practicum teacher. She learned the students names quickly.
Do you believe this practicum student has the knowledge, skills, and attitude required to become an effective student teacher?	Yes
If you answered NO to the question above, please list the knowledge, skills, or attitudes this student must improve to become an effective teacher.	This was an extended practicum and it was a very good experience for Miss Cornell. I think her biggest obstacle is becoming comfortable in a classroom. She needs to dive in and be ready for anything from day 1.
General Comments:	Miss Cornell made awesome growth these two weeks. She showed more flexibility and was able to think on her feet more. I feel comfortable giving the go-ahead for her to move into her next practicum! :)
