Suggestions for Improvement:	Anita was able to use several different assessments on one of my students in the area of reading. We went over test results on this student and compared with others in the classroom. She used a variety of activities when teaching her lessons and was good about reflecting on her lessons. She was very open to suggestions on what was successful and on how to improve.
Overall Rating:	Proficient
Suggestions for Improvement:	Anita spent a great deal of time developing her lessons. She also had to learn to deal with the unexpected (snow days). She was able to adjust her teaching, this was a great lesson for her, things do not always go as planned in a classroom and I was very proud of how she handled things. She did a great job working with all students, challenging those who understood and helping those who struggled. She used a nice variety when teaching her lessons.
Overall Rating:	Proficient
Suggestions for Improvement:	Anita arrived early each day and stayed late. Going above what was expected of her. She was always open to suggestions and very helpful in the classroom, both with the students and willing to help out myself and within the school. Her lessons plans were well thought out and written.
Do you believe this practicum student has the knowledge, skills, and attitude required to become an effective student teacher?	Yes
